Committee Secretariat  
Committee of Public Accounts  
Leinster House  
Dublin 2

Dear Ms. Lavelle

I refer to your correspondence dated 8 February 2012 with regard to issues raised during my appearance before the Committee on Thursday 2 February last and to provide you with the following by way of response.

## 1. Occupational Injuries Scheme

The Department of Social Protection operates an Occupational Injuries Benefit Scheme which is a group of benefits for people injured or incapacitated by an accident at work or while travelling directly to or from work. The scheme also covers those who have contracted a disease as a result of the type of work they do. There are a number of benefits available and there are different conditions attached to each benefit.

The Scheme was introduced in May 1967 and cover for members of An Garda Síochána commenced in April 1989. Garda Payroll receives notification from Disablement Section in the Department of Social Protection to make such payments at approved rates which are then paid through the Garda payroll system.

An Garda Síochána is required to pay half of the Occupational Injury Pension and the Department of Social Protection pays the other half in accordance with the Social Welfare (Modification of Insurance - Amendment) Regulations 1967 (S.I. no.81 of 1967) & with the Dept. of Public Service Circular 25/75.

Each benefit is continually paid by Garda Payroll until advised by the Department of Social Protection to cease the payment or otherwise. A breakdown of monies paid out under the Occupational Injuries Scheme in 2010 is attached. (Tab A refers)

## **2. Retirements**

There is an average annual payroll saving of approximately €60,000 in respect of each member of An Garda Síochána who retires. The corresponding annual on going pension cost- which is also met from the Garda vote, is at most 50% of the payroll cost. The average annual contribution per member to the Garda Síochána Spouses and Children and Pension scheme is in the region of €1,700. The average annual contribution in pension related deductions at individual member level is in the region of €4,200 per annum.

In addition, there is a retirement lump sum paid in respect of each retirement and the details of such lump sums are set out in the table below for the years 2010 and 2011. It is important to bear in mind that lump sums are once off costs which are based on a person's years of service and pensionable salary and would arise regardless of when a person retires. In general the people retiring before the end of the Grace Period are those who would be likely to retire over the next number of years in any event and have been centrally factored into budgetary forecasts. The cost of pension lump sums and ongoing pension costs are accrued liabilities that would fall to be paid to persons retiring, whereas the payroll saving is realised each year into the future.

<b>Year</b>	<b>Number of Garda Retirements</b>	<b>Pension lump sum payments from the Garda Vote*</b>
2010	363	€34.2 million*
2011	438	€51.7 million*

\* This amount also includes payments in respect of retirements which occurred towards the end of the previous year (e.g. approximately 70 retirement lump sums from retirements in 2010 paid in 2011).

The moratorium on recruitment continues to apply to An Garda Síochána. Therefore, any of the current vacancies will not be filled by new recruits at this stage. Of course, it is the case that the Garda Síochána, like the Public Service generally, is faced with delivering a service with fewer staff, but there are a number of important points to make here.

Garda strength increased significantly in recent years. New reforms will improve efficiency and enable services to be delivered more effectively.

A new Garda roster is being negotiated by Garda management with the Garda Associations, which is aimed at better matching resources with fluctuating policing demand.

The Minister has recently secured the approval of the Government to fill 33 vacancies at senior management levels in An Garda Síochána. These vacancies will be filled by internal promotion.

### 3. Illegal Immigrants

It is understood that a copy of the Minister's speech is being sought by the Committee from the Minister's Office.

### 4. Compensation and Legal Costs

#### Compensation from accidents involving Garda Vehicles

Civil actions may be taken against An Garda Síochána arising from traffic accidents involving Garda vehicles. Under the provisions of the National Treasury Management Agency (Amendment) Act, 2000, the management of certain personal injury and property claims against the State was delegated to the State Claims Agency. The Agency's responsibilities include the investigation of incidents, the determination of issues of liability, quantum and tactics, the running of court cases and where appropriate the negotiation of settlements. The Agency formally took over claims management and associated risk management functions in December 2001.

In 2010 Compensation and legal costs totalling €2.76m and ranging from €30 to €87,500 were paid in two hundred and ninety three cases in respect of claims for personal injuries and material damage resulting from accidents involving Garda vehicles. This included payments of €2.1m to members of the public and €0.671m to Garda Members.

#### *Garda Compensation Act*

A member of the Garda Síochána maliciously injured on duty can sue the State in the High Court only by leave of the Minister for Justice and Equality acting under Section 6 of the Garda Compensation Act 1941.

Expenditure under the Garda Compensation Act can vary considerably because in accordance with existing legislation, the awards are wholly determined by the Courts. The legal costs of the Applicant are subsequently agreed by the Plaintiff's solicitors and the Office of the Chief State Solicitor.

#### Payments of Awards and Costs under the Garda Compensation Act

<b>Awards</b> (No. of Cases)	<b>5,306,131</b> (175)	<b>€5,966,350</b> (173)
